Schwab's Logical Successor.

William E. Corey succeeded Charles M. Schwab as president of the United 1903. He is regarded as one of the leading steel manufacturing experts of the country, and, like his predecessor, Mr. Schwab, was a protegé of Andrew Carnegie, and learned the steel business from the ground up. When Mr. Schwab, facturer of steel has never been questioned, resigned. Mr. Corey was considered to be his logical successor, and during his incumbency of the office of president he devoted himself entirely to the manufacturing and commercial end of the business, leaving the management of general affairs to Judge Gary.

Mr. Corey was born at Braddock, Penn., on May 4, 1866, and has been engaged in the steel business since his six-

teenth year. Marriage to Mabelle Gilman.

Mr. Corey married his first wife in 1883, while he was still a poor and struggling young man in the steel works. They parted in December, 1905, and on July 30, 1906. Mrs. Corey secured a decree of divorce at Reno. Nev Long before this Mr. Corey had become acquainted with Miss Mabelle Gilman, and in May, 1907, they were married. Mr. Corey was reported to have settled \$700,-000 upon his first wife at the time they parted and \$300,000 upon his son, Allan Broker Charges She Interferes W.
